Topoint Archery are professional archery product manufacturerin Ningbo China,we produce compound bow,bow sight,arrow rest, arrow quiver,bow stabilizer,bow release,archery arrow,broadheads, archery upgrade combo,bow sling etc.

Topoint Archery have CNC machining center,CNC lathe,Assembly line,Automatic Bow press, bowstring weaving equipment,automatic arrow vanes paste,etc work shop for manufacture archery product.

In 2011 years,we create own brand "TOPOINT ARCHERY",well sale in world archery market to hunter,Topoint Archery will provide new archery product in every years.

**Wholesale and OEM/ODM are available in Topoint Archery
Lowest Price! High Quality! Timely Delivery!**

MANUFACTURING TECHNIQUE

Topoint Archery are professional archery product manufacturerin Ningbo China,we produce compound bow,bow sight,arrow rest, arrow quiver,bow stabilizer,bow release,archery arrow,broadheads, archery upgrade combo,bow sling etc. Topoint Archery have CNC machining center,CNC lathe,Assembly line,Automatic Bow press, bowstring weaving equipment,automatic arrow vanes paste,etc work shop for manufacture archery product.

	Dual/Adjustable (CAM1)	Dual/Adjustable (CAM2)
Cam	Dual/Adjustable (CAM1)	Dual/Adjustable (CAM2)
IBO Rate	Up to 330 fps	Up to 330 fps
Physical Weight	4.57 lbs	4.31 lbs
Axle to Axle	36"	36"
Brace Height	7"	6.75"
Let-off	75%	75%
Draw Weight	40, 50 , 60lbs	40, 50, 60lbs
Riser	Aluminum CNC Machining	Aluminum CNC Machining
Finish	Anodized	Anodized
Draw Length(CAM1)	26.5-29.5",without Bow press	24-27",without Bow press
Bowstrings	BCY	BCY
String Length	59.7"	55.1"
Cable Length	35" X 2	35" X 2
Grip	Aluminum	Aluminum

The CAM system

The Cam designed by the famous compound bow designer in China, this cam system can adjust the draw length without bow press, 2 kinds of different draw length Cams can be selected this can fit almost all different draw lengths' players. High speed design can help you increase shooting consistency and accuracy.

GRIP SYSTEM

CNC milling technique make the grip more stronger. Special angle design of the grip help you increase shooting consistency and accuracy.

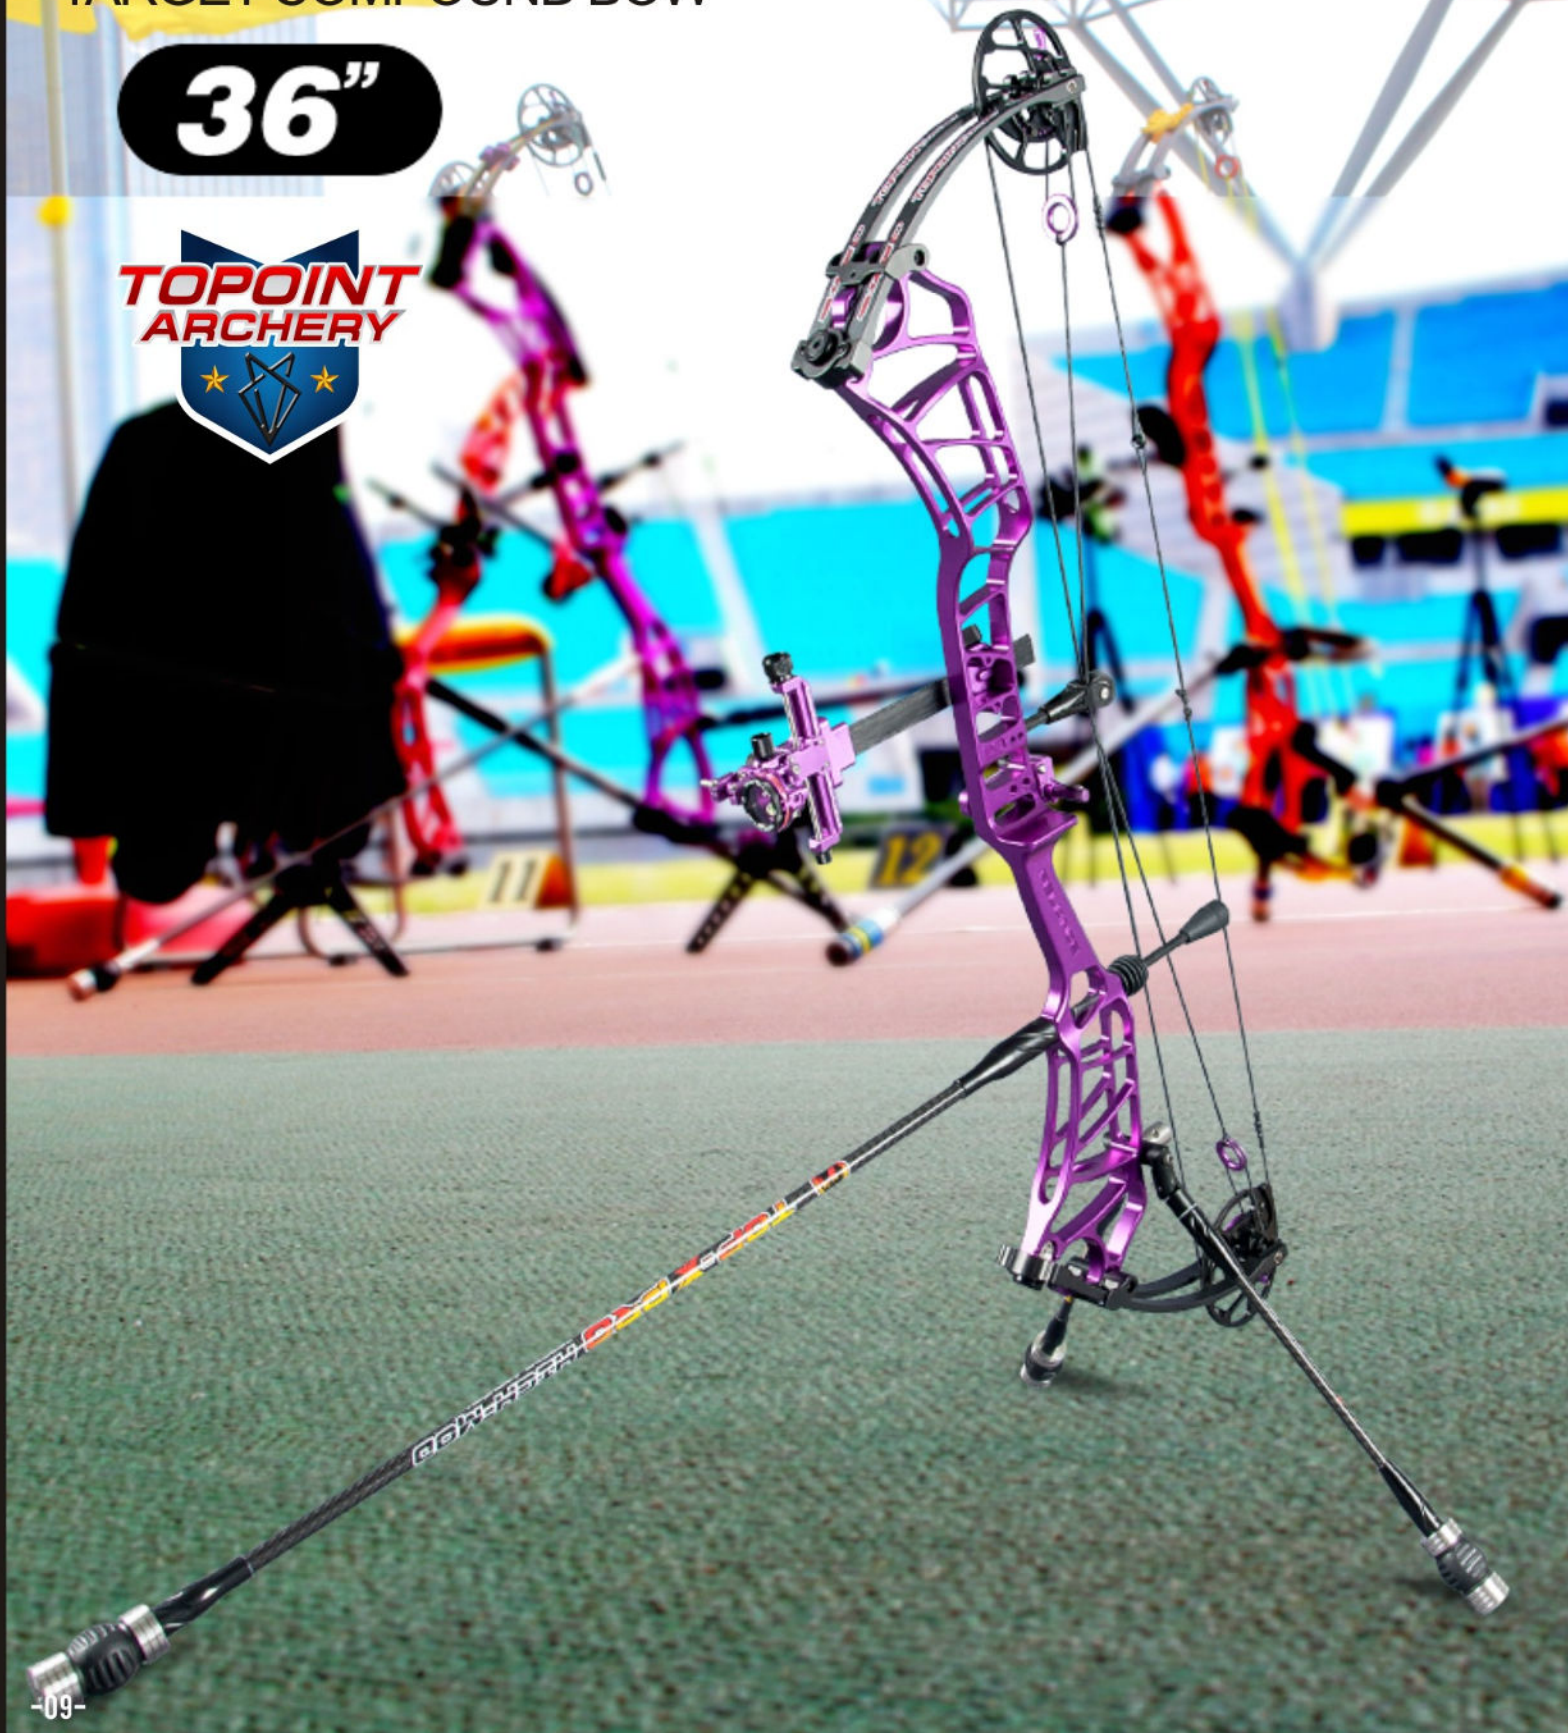

The Limbs

The limbs are imported from USA produced by Gordon Composites ,the most popular limb supplier in the world. The 18mm width limbs make the bow more stronger, meanwhile these limbs can help the bow perform better in daily use.

TP800

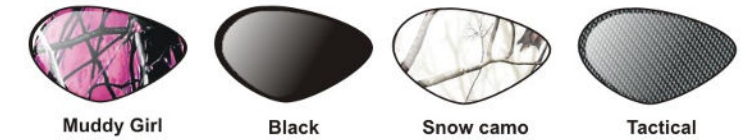

- Bow sight: TP1430, 3pin bow sight, 0.029" fiber
- Arrow rest: TP812 brush arrow rest, left and right available
- Stabilizer: TP612 rubber stabilizer, 3.5 inches, 4.6 ounces
- Braided bow sling: TP317, Streamlined-design release head
- 6pcs allen key for assembly in compound bow
- Peep sight: TP512, silicone rubber peep sight, 1/8" hole size, 10ft D-loop

TP2000

- Bow sight: TP4550, 5pin, 0.019" fiber, tool-less, with sight light
- Arrow rest: TP813, whisker arrow rest, left and right available
- Stabilizer: TP617, CNC aluminum machined, 5", 5.3 oz
- Bow slings: TP311, durable leather easy to lock in any compound bow
- Allen key: 6pcs allen key for assembly in compound bow, 10ft D-loop
- Peep sight: TP512, 1/8", plastic peep sight with silicone rubber tubing

TP1000

- Bow sight: TP1550, 5pin bow sight, 0.029" fiber, with sight light
- Arrow rest: TP812 brush arrow rest, left and right available
- Stabilizer: TP612, rubber stabilizer, 3.5 inches, 4.6 ounces
- Braided bow sling: TP312, braided bow sling, camo, aluminum base
- 6pcs allen key for assembly in compound bow
- Peep sight: TP512, silicone rubber peep sight, 1/8" hole size, 10ft D-loop

MICRO ADJUSTABLE BOW SIGHT

Provides instant feedback that will identify even the slightest torque or anchor point change.

DB9150 Series

- Micro adjust windage and Elevation Knobs
- Bubble level with 2nd axis adjustment for a more accurate shot
- Tool-free locking knobs included
- Adjustable 2nd Axis
- 5 Pins or 7 Pins available

Camo

Black

DB9250 Series

- 6Inch extension bar
- Quiver compatible mounting block
- Bubble level with 2nd axis adjustment for a more accurate shot
- Adjustable 2nd axis
- 0.019 fiber optic pins
- Tool-free locking knobs included
- Precise incremental adjustment windage and elevation
- knobs 0.0015 per click
- 5 Pins or 7 Pins available

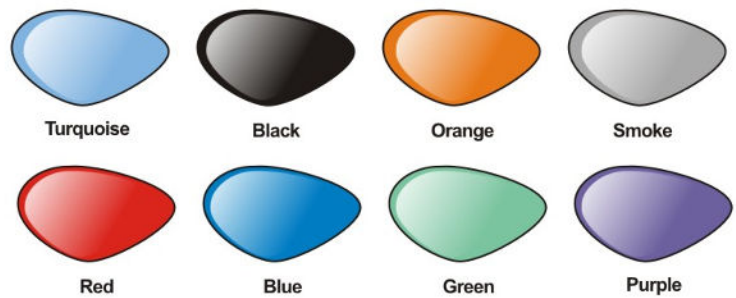

Target Compound Bow Sight

TP8810 Series

- Compound Bow sight
- Carbon bracket
- Lightweight
- Quick release fast vertical adjustment
- 9" extension
- Windage and elevation adjustment
- RH and LH available
- Incl. Soft case
- 3rd axis adjustable removable head
- Available color : Black, Blue, Turquoise, Red, Smoke, Purple, Green, Orange

TP8710-Bow Sight Scope With Lens

- 7075 Aluminum CNC machining
- 29mm diameter
- Anodized Finish
- 0.019 fiber
- 2X, 4X, 6X, 8X Lens Selection
- Available color : Black, Blue, Turquoise, Red, Smoke, Purple, Green, Orange

TP8720-Scope Lens

- CNC Machining
- 2x /4x /6x /8x
- Outer: 35mm
- Lens: 30mm

TP8710-PRO Bow Sight Scope With Lens

- Level of competition
- 7075 Aluminum CNC machining

TP465 Thumb / Back Tension Release Hybrid

- Thumb Bow Release and back tension release available
- Aluminum and brass cnc body
- Release travel adjustable
- 3 and 4 fingers available
- Finger piece perfect fit adjustable
- Three size thumbs available: large, medium, and small

TP462 Back Tension Release

- Aluminum CNC body with brass insert for added weight
- Release travel adjustable
- 3 and 4 finger articulating handle pieces included
- Finger piece perfect fit adjustable

TP460 Back Tension Release

- Aluminum CNC body with brass insert for added weight
- Release travel adjustable
- 3 and 4 finger articulating handle pieces included
- Finger piece perfect fit adjustable

TP425

- 4 finger available
- Aluminum CNC machining body
- S.S. jaw, adjustable sensitive,
- Anodized 7 color select, red, black, smoke, green, blue, golden, purple

TP423

- Aluminum CNC machining body
- Anodized 5 color select: Red, Blue, Black, Orange, Green

TP420

- Thinner head and jaw to reduce D-loop torque
- Safe firing mechanism - so safe that even if a piece of paper is in the way, the release will not set
- Silent & easy cocking firing mechanism
- Aluminum CNC machining main body,
- Stainless steel Release structure
- 3 and 4 Fingers available

TP435

- CNC MACHINING
- 360 degree swivel caliper head, for both right and left
- Auto closure jaws
- Adjustable buckle wrist strap
- Fits youth and adult

TP410

- Lightweight aluminum head
- Precision tuned trigger
- Adjustable wrist strap

- Precision trigger
- Adjustable rope length
- Foldable head
- Anodized 8 color select, red, black, smoke, green, blue, orange, purple, turquoise

TP410-S

- Lightweight aluminum head
- Precision tuned trigger
- Adjustable wrist strap
- Length: 9.7cm
- For Youth , children archer

TP412

- Swivel mounted caliper head
- Precision trigger
- Adjustable velcro strap
- Streamlined-design release head
- Posi-lock hook up for quick attachment to the string

TP414

- Factory turned trigger
- 360 degree swivel mounted caliper head
- Molded handle with rubberized gripping surface
- Hand hold

TP413

- Auto closure jaws
- Buckle wrist strap
- Fits youth and adult
- 360 degree swivel caliper head, for both right and left

TP415

- Easily Adjustable Slide-Lock Technology
- Super Smooth Trigger
- Fast, Clean Jaw Release
- Wont Torque Bow String
- Fits Adults & Youth
- Padded Leather Wrist Strap Buckle Adjust

Arrow Quivers

TP715 Series

- Double gripper design with removable upper gripper
- Compact, lightweight, carbon tube structure
- Rubber hood insert reduces noise and won't dull broadheads
- Holds up to five arrows
- Fits both carbon and aluminum arrows
- Quick lock mounting bracket
- Fully adjustable
- Fits both mechanical and fixed broadheads

Black ▲

TP726 Series

- Double gripper design with removable upper gripper
- Compact, lightweight
- Holds up to 6 arrows
- Fits both carbon and aluminum arrows
- Quick lock mounting bracket
- Fits both mechanical and fixed broadheads
- Rubber hood insert reduces noise and won't dull broadheads

TP740

TP720

- Material: PP
- Length: 63cm-100cm, any size adjustable
- 12pcs arrow package, suit for any compound bow
- Arrow, cross bow arrow
- With straps

TP772

- 13.5 *24.5 *33.5cm
- Boxes can hold 72pcs arrow

TP760

- Weight: 475 gr
- Length: 42cm
- Direction: RH
- Color: Turquoise/ Smoke/ Orange/ Green
- 2 pockets
- Slot for pen
- Slot for t- gauge
- 2 D-loop rings
- 3 Sounddamping separators
- Belt included

TP765

- Release or Finger Tab Pouch
- Weight: 75 gr
- Color: Smoke/Orange/Green/Turquoise
- Durable Nylon Fabric
- Quick draw closure
- Inner divider separator
- Webbed loop to easily attach to a belt

TP785 Series

- Double gripper design
- Compact, lightweight, carbon tube structure
- Foam insert reduces noise and won't dull broadheads
- Holds up to five arrows
- Fits both carbon and aluminum arrows
- Quick lock mounting bracket
- Fully adjustable
- Fits both mechanical and fixed broadheads

▶ **Bow Tuning** ◀

TP119-Bow Press

- Heavy-duty pro-shop-quality
- Simple, hands-free operation
- Install new bow, repair bow, assembly peep sight, adjust compound bow
- All Steel structure

TP112-String Level Combo

- Take the guesswork out of nock positioning
- Secure your bow in a vise, clip on the String Level and adjust the vise
- Until the bow is at horizontal and vertical level
- Place the nock arrow on the rest and attach the Level to the arrow
- Slide the arrow up or down on the string until it is level
- You've now located the perfect 90° nock positioning needed for precision tuning
- Combo includes arrow level and String Level

TP116-BOW VISE

- Heavy-duty pro-shop-quality
- Holds bow horizontally or vertically
- Allows bow to swivel 360°
- Simple, hands-free operation

TP117-Center Laser Aligner

- Toolless knobs facilitate super-easy mounting
- Durable aluminum construction promotes longevity
- Built-in level ensures accurate measurements
- 360° rotating head and pivoting body design
- Highly-visible red laser provides quick alignment references

TP118-D-LOOP Plier

- For compound bow D-loop and brass button plier

▶ **Braided Bow Slings** ◀

TP311

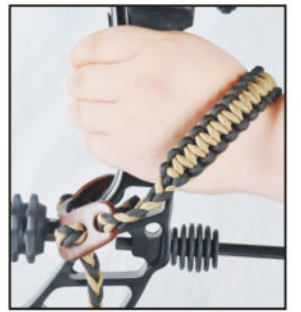

- Ultra-durable braided nylon cord material
- Durable leather front strap with stainless steel grommet
- Designed to stay in upright position to make grabbing your bow as easy as possible

- Material: PE
- 16pcs arrow holder

Peep Sights

TP511

- Aluminum cnc machined
- 1/4", 3/16", 1/8", 3 size style
- Anodize 3 color, black, green, red

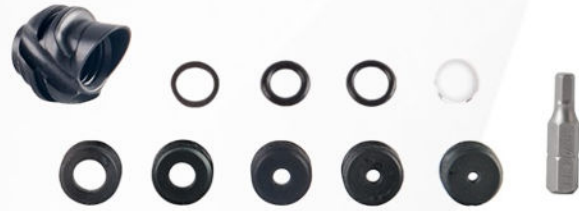

TP512

- Easily aligns with pin guard
- Great for hunting or target shooting
- Self aligning and reliable
- Unique angled design that allows for clearer field-of-view
- Designed to fit all bows
- 1/8" or 3/16" size
- Includes high-grade tubing for perfect positioning

TP515

- 37 degree and 45 degree available
- Accepts all Archery apertures, clarifiers
- Anodize 4 color, black, green, red, black
- Hooded Super Ball Pro Series Peep is lighter than the original Hooded Super Peep housing for increased speed

Clarifiers-TP516

- Aluminum CNC
- 37 degree and 45 degree available
- Available in Black, Blue and Red
- Apertures: 1/8" 3/32" 1/16" 1/32" 3/64" Peep Reducer

Archery Accessories

TP101-Adjustable bow sight light

- Lights up your sight ping
- 3/8-32 thread
- Fits APEX, COBRA, COPPER JOHN, PSE, TROPHY RIDGE AND TRUGLO sights and more

TP102-Relplacement pin

- Precision-machined brass pins
- Fits 3/16" slotted sights
- Wrapped fiber provides greater bright-ness
- Available in .029" diameter only
- Color: yellow, green, red

TP106-Bow sight light

- Lights up your sight ping
- 3/8-32 thread
- Fits APEX, COBRA, COPPER JOHN, PSE, TROPHY RIDGE AND TRUGLO sights and more

TP110-Bow stand

- Lightweight, compact, folding kick stand, for all bows

TP111-Allen key combo

Bow Sights Series

TR1001 ▲

- High impact nylon construction
- Lightweight and durable
- Excellent intermediate archers
- Smooth micro windage adjustment
- Includes ring pin with dot
- Quick-detach bow mount
- Available in black only

- Precision machined aluminum components for both right and left hand shooters
- Super light and strong with absolute shot accuracy and designed for use on both recurve and compound bows
- Worm gear sight bar with etches markings
- Single sight pin with square sight pin aperture
- Detachable bracket
- Ultra-fine click adjustment for windage and elevation

TR1002 ▲

TR1005 ▲

- SCOPES RECURVE 8/32 WITHOUT LENS
- Color: Blue /Black /Red /Green /Purple /Orange /Smoke /Turquoise
- CNC Housing

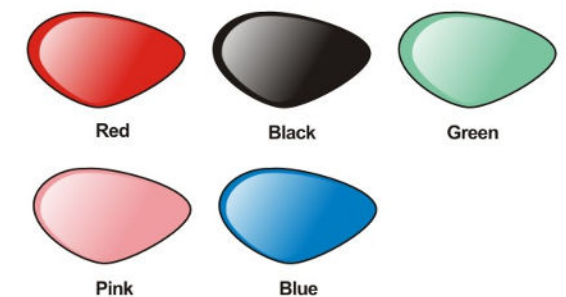

- OD select :14mm, 13mm, 12mm, 11.5mm, 10.2mm & 9.5mm
- 0.019", Green Fiber
- RH/LH

TR1007 ▲

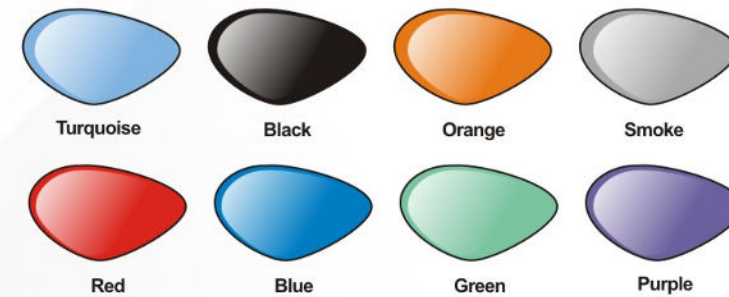

- Beginner recurve sight
- Full aluminum construction
- 6" extension
- Windage and elevation adjustment

- 8/32 Ring pin incl.
- Incl. spare copper glider
- Removable mounting block

TR1003 ▲

- Recurve sight
- Carbon bracket
- Lightweight
- Quick release fast vertical adjustment
- 9" extension
- Windage and elevation adjustment
- RH and LH available
- Incl. Soft case
- 8/32 Ring pin incl.
- Available color : Black, Blue, Turquoise, Red, Smoke, Purple, Green, Orange

TR1009 ▲

- Recurve sight
- aluminum bracket
- Lightweight
- Quick release fast vertical adjustment
- 9" extension
- Windage and elevation adjustment
- Available in black only
- 8/32 Ring pin incl.

Arrow Rests

Right ▲

Left ▲

TR817 Series

- Precision rare-earth magnet and polished plate provide low friction and precise fit for smooth repeatable arrow launch
- Stainless steel construction for rust-free performance
- Low profile, universal fit for excellent clearance

TR829 Series

- Shelf Rests – Made of felt.
- The simplest of the traditional bow rests, and are widely favored by traditional bowhunters.
- Designed for archers who shoot their arrows off the shelf.

TR818 Series

- Precision CNC machined parts
- DLC (diamond-like carbon) coated offset support arm
- Dual adjust system - horizontal /vertical
- Dual magnets for consistent positioning
- Reversible for right or left hand

Archery Accessories

TR120-Arm Guard

TR121-Finger Guard

TR122-Bow Stringer

TR88-Bow Cases

- Size: 80*19*16cm
- Function: For recurve bow and accessories
- Material: Nylon
- Net weight: 745g

TR138-Finger Guard

- High grade cow leather, strong and durable
- It could prevent arm and fingers far from hurt when you shooting.
- It also ensures an effective shooting, avoiding the influence of your fingers on the arrows.
- Material: Cow leather + imitation metal plastic
- Size: XXS /XS /S /M /L /XL

TR131-Cushion Plunger

- Made from precision machined parts
- Threaded cylinder is made from high grade refined steel, springs from stainless harmonic steel, notching scale cylinder and nut from anodized aluminum
- Micro-click spring tension adjustment allows for exact settings time after time

TR132-Recurve Bow Klicke

- Designed to fit most recurve handles
- High-end engineered and manufactured
- Available in .025" blade thickness

TR133-Recurve Bow T Square

- Anodized aluminum construction
- Attach to bowstring with metal clips
- Etched reference marks
- Perfect for measuring nock and peep position or measuring tiller

TR134-Recurve Bow T Square

TR750-Arrow Quiver

- Lightweight design
- 3 tubes for easy access
- Multiple pockets
- Right handed
- Padded shoulder strap

TR136-65/44 Automatic Bow Stand

- Ultra-lightweight portable bow stand
- Anodized aluminum construction
- Legs fold out automatically with turning center cylinder
- Adjustable string keeper

TR150-String

- 68" (String Type: B55, 12 strands)

TR151-String

- 68" (String Type: 8910, 12 strands)

TR152-Limb Line Gauge

- A simple and effective precision tool for the tuning of bows

TR161 Bow Stand

- Size: 38cm(H)*43cm(W) After assembling
- Material: Plastic + Fiberglass + Aluminum
- Weight: 250g
- Suitable for holding recurve bow

Arm Guard-TR167

- Plastic skeletal arm guard with elastic straps and plastic clasps.
- Color: Red / Black / Blue / Turquoise / Green / Pink / Purple / Bronze / Orange

Finger Sling-TR168

- Size: 11.5cm/12.5cm/13.5cm/14.5cm

Arm Guard-TR169

- Soft Plastic arm guard with elastic straps and plastic clasps
- Color: Red / Black / Blue / Green / Pink / Purple / Orange
